ModN Equine: A ModN-made plugin that is covered on other pages! /h panel and /h help!

Plot Panel: Another ModN-made plugin covered on other pages! /plot panel and /plot help!

mcMMO: This is the plugin gives you powers in your day to day minecraft experience. Examples include insta-chopping trees, temporary haste for mining, avoiding fall damage, and insta-replanting crops. Every time you do a basic task (*such as mining a stone block*) you get experience displayed in a bar at the top of your screen.
