14. Color Codes

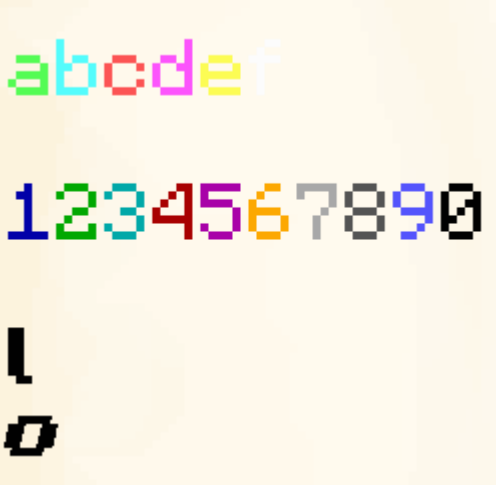
How to use color codes and when to use them!

- Color Codes Reference Sheet
- When to Use Color Codes

Color Codes Reference Sheet

To use a color code, type the character '&' followed by the color code below.

To make a word/letter bold or underlined, type '&' followed by 'l' or 'o'. Make sure these codes are *after* any color codes.



Examples:

&4Caw Caw =

&4&lCaw Caw =

When to Use Color Codes

You can use color codes in chat, in book and quills, when renaming items on anvils, on signs, and when renaming horses.

Bold /Italics (&l / &o) codes do not work on signs.
